Stunning Sparkle of styles...

An ISO 9001 : 2008 Certified Company

AN OVERVIEW

Since 1980, doorline has been a known name in crafting sand casted brass builder hardware with passion and precision exclusively for the Indian market.

doorline initially produced artistically designed hand-made casted brass mortice handles and door fittings. Later on with changing times, our dedicated team transformed the trends by developing new designs with modern machineries, equipments and techniques for higher production and accuracy.

Our complete in-house range includes contemporary door hardware which includes Mortice Handles & Locks, Aldrops, Latches, Window fittings and traditional brass Cupboard Locks. In addition to it we also produce latest Pin Cylindrical Mortice Locks, forged brass Mortice Handles, Pull Handles, Aldrops and Window fittings.

Our setup comprises of forging & machinery workshops, development wing and latest Electrostatic Lacquer. Our in-house plating unit has different finishes like 24K pure gold plating, Antique, Nickel-Silver plating etc. which enables us to produce wide range of finishing combinations.

doorline collection of builder hardware & locks are one of the biggest catering to the Indian market. Our R&D team is fully committed to introduce new products in the market from time to time which reflects Architects, Builders and Consumers buying products with best possible quality, safety, durability, functionality, fitment and design perfection.
